A MAMMOTH COTTON GIN

COYLE & SMITH TO INAUGURATE
A GREAT INDUSTRY.

Only Machine of the Kind in the City.
Regarding the Cotton Crop—One
Firm's Enterprise.

It will not be many weeks before

farmers of this section who are at present having their cotton ginned at Langston and Norman, can bring their crops for ginning purposes to Guthrie.

Coyle & Smith, the enterprising grocery merchants of this city, have perfected all arrangements for putting in a mammoth gin, which will be located near their elevator on Vilas avenue. The press and engine have already arrived and will soon be placed in position. The gin will have an enormous capacity, and cotton growers all over this section can be accommodated.

The cotton crop of the territory is unusually large this season. The same can be said of broomcorn, beans, etc.

Mr. Coyle of the firm of Coyle & Smith, in speaking of crops to THE LEADER yesterday, said that there would be more cotton marketed this season than during any year since the territory opened. This speaks well for Oklahoma and her agriculturists.
